Evidence-based and outcomes-focused  
Relationship-centered  
Trauma-informed  
Role ready

- Nurse-Psychotherapist
- Prescriber
- Consultant-Liaison
- Educator
- Organizational Developer
- Milieu Manager
- Research Team Member

### Opportunities for all learning styles

- Face-to-face classes
- Onsite workshop immersions
- Hybrid distance learning
- Microburst testing
- Synchronous and asynchronous work
- 1:1 precepting
- 600 hours supervised clinical practice

## About Rogers Behavioral Health

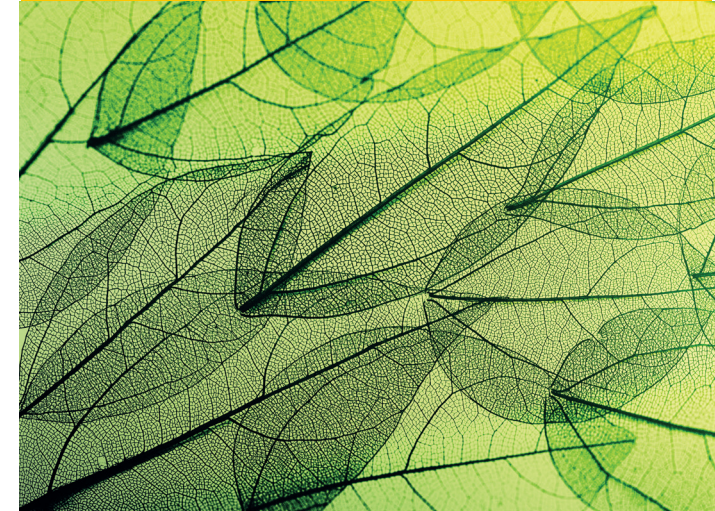

Established in 1907, Rogers Behavioral Health is a private, not-for-profit provider of behavioral health services and is nationally recognized for its specialized psychiatry and addiction services. We provide highly effective evidence-based mental health and addiction treatment that helps people reach their full potential for health and well-being. We envision a future where people have the tools to rise above the challenges of mental illness, addiction, and stigma to lead healthy lives. We bring this vision to life by constantly elevating the standard for behavioral healthcare, demonstrating our exceptional treatment outcomes, and acting with compassion and respect.

Rogers provides services throughout the state of Wisconsin as well as in California, Florida, Georgia, Illinois, Minnesota, Pennsylvania, and Tennessee.
